

LABORATORY ASSIGNMENT—Lab #11

1. Read Exercise 38: The Reproductive Organs, p. 212, “Spermatogenesis” and pp. 215, “Oogenesis”. In your textbook, read Chap.23, pp. 851-879.
2. In your workbook, complete pp. 285-297. **Do not color until you go to lab.** Coloring instructions will be given on the lab table.
3. Carefully work through each station on the SCIT 1408 demonstration table.
4. Complete your laboratory report. Give your lab report to your instructor before the end of the second lab period.
