

LABORATORY ASSIGNMENTS—Lab #12

1. Read and study the Exercises in your Lab Manual that were assigned for Labs 6-11.
2. Study the diagrams in your lab manual and in your Workbook that you were assigned to complete.
3. Carefully work through the SCIT 1408 demonstration table.
4. Complete the laboratory report. Give your lab report to your instructor before the end of the second lab period.

BE AWARE THAT THIS LAB CANNOT ASK ALL THE STRUCTURES IN YOUR STUDY GUIDE OUTLINE OF LABORATORY MODULES. THIS LAB IS A SAMPLE, AND YOU ARE EXPECTED TO KNOW ALL STRUCTURES IN THE MODULES FOR THE PRACTICAL AND FINAL EXAM.

The final practical will cover modules 19-44. The final exam will cover all modules.
