Skills Lab Syllabus Semester Calendar	1
Student Guide	12
Techniques for Problem Solving in Mathematics	14
Practice Tests:	
Conversion Practice Test #1	19
Conversion Practice Test #2	20
Math Practice Test #3	21
Math Practice Test #4	24
Math Practice Test #5	25
Medication Problems	26
Injections Problems - Subcutaneous	29
IM Medication Problems #1	30
IV Problems #1	31
IV Problems #2	32
IV Situations #1	33
IV Situations #2	35
 SUPPLEMENTS FOR SEMINARS	
Orientation	
Test Problem Shooter Questionnaire and Tips	41
Study Buddies	44
Nursing Process Care Plan Seminar	
Nursing Care Plan - Diabetes Mellitus	47
Nursing 1461-1161 Health History Data Collection	49
Basic Assessment	59
Nursing Process Care Plan Format	69
Nursing Process Evaluation Grading Criteria	71
Communication	
Process Recording Packet	75
Process Recording Format	79
Review of Process Recording	81
Process Recording Grading Criteria	82
Process for Doing Your Teaching Plan	83
Assessment of Clinical Skills	
Physical Assessment	87
Guidelines for Charting Physical Assessment	90

Guidelines for Documentation	93
Charting System	96
Pulse Oximetry.....	100
Sensor Training Video.....	103
Central Venous Access Devices	104
Administration of Medications.....	105
Clinical Studies - Perioperative	
Perioperative Terminology.....	111
Case Study #1: Preoperative Client.....	112
Case Study #2: Abdominal Cholecystectomy.....	113
Case Study #3: Exploratory Laparotomy and Fluid Imbalance.....	115
Case Study #4: Postoperative Cholecystectomy with Complications.....	116
Blood Gas Analysis	118
Respiratory Acidosis/Respiratory Alkalosis	119
Metabolic Alkalosis/Metabolic Acidosis.....	120
Clinical Studies - Nutritional Disorders	
Nutritional Disorders Terminology.....	123
Case Study #1: Diabetic Hypoglycemia	124
Case Study #2: Diabetic Ketoacidosis	125
Case Study #3: Insulin Administration	127
Case Study #4: Diabetic Sick Day	128
Diabetes: Overview.....	129
Diabetic Oral Agents - Types of Insulin.....	133
Case Study #5: Cholecystitis.....	136
Case Study #6: Pyloric Stenosis.....	137
Clinical Studies - Reproductive/Sexual Health	
Reproductive Terminology.....	141
Case Study #1: Gonorrhea.....	142
Case Study #2: Acute Pelvic Inflammatory Disease.....	143
Case Study #3: Uterine Fibroids.....	144
Case Study #1: STD	145
Case Study #2: STD	145
Clinical Studies - Obstetrics	
Antepartum Terminology.....	149
Labor and Delivery Terminology.....	150
Case Study: Labor and Delivery #1	151
Case Study: Labor and Delivery #2	153
Case Study: Labor and Delivery #3	154
Study Quiz: Labor and Delivery	155
Postpartum Terminology	157
Case Study: Postpartum	158
Postpartal Comfort Measures.....	159
Postpartum Assessment	160
Postpartum Diagnoses.....	162
Newborn Terminology	164
Case Study: Newborn	165
Case Study #1: Circumcision	166
Care of the Newborn: Thermoregulation.....	167
Newborn Diagnoses.....	169
Clinical Studies - Pediatrics	

Pediatric Terminology.....	173
Case Study #1: Immunization	174
Case Study #2: Myelomeningocele	175
Case Study #3: Asthma	176
Case Study #4: Inflammatory Bowel Disease.....	177
Growth and Development General Principles.....	178
Children vs. Adults - Physiological Differences	179
Developmental Considerations when Preparing Children for Procedures	180
Normal Vital Signs for Children.....	183
Developmental Reactions to Pain.....	184
Communicating with Children	185
 Pharmacology Seminar	
Pharmacology Content	189
Drug List - Nursing 1161.....	191
 Role Transition Seminar	
Preparation for Clinical - Chart Review	201
Preparation for Clinical Assignments	203
Clinical Reminders	204
Mini Nursing Care Plan Samples	206
 Nursing 1461/1170 Clinical Seminar	211
